## Continuation Sheet (PTOL-462)

Continuation of 10. Other (including any explanation in support of the above items). The Brief does not comprise the items required under 37 CFR 41.37(c) under the appropriate headings as set forth in the rule. In particular, the Brief contains the separate sections of Issues and Grouping of the Claims instead of the required section (37 CFR 41.37(c)(1)(vi)) of "Grounds of rejection to be reviewed on appeal." Further, the Appeal Brief identifies issues, not rejections, to be determined. The new rules require the identifies of the rejections on appeal. See, 69 Federal Register, page 49962, right column (item [8]).

The Brief does not provide a concise explanation of only the indepenent claims, and those dependent claims that are argued separately as required by 37 CFR 41.37(c)(1)(v).

With respect to item 9 above, it is noted that in response to comments on the revised rules regarding appeals, the Office indicated that if there are no related decisions, the Appendix regarding such must still be included, but would indicate that there are no such decisions. See, 69 Federal Register, page 49978, Comment 60 (right column).
